

## Costs and Timescale

DESIGNATION	REF.	QTY	U.P (excl. tax)	DSCT (%)	VAT (%)	TOTAL (excl. tax)
-------------	------	-----	-----------------	----------	---------	-------------------

OB1 Controller [2220]	OB1-2220	1	8818.10\$	0	0.0	8818.10\$
-----------------------	----------	---	-----------	---	-----	-----------

3-Channels Pressure & Flow Control Unit Channel #1 = 0/2000 mbar | Channel #2 = 0/2000 mbar | Channel #3 = 0/2000 mbar. Upgradable : possibility to add 1 independent channel of any pressure range to this OB1. All necessary fittings & tubing are available in the Kit Fitting Starter Pack Luer. Includes one Microfluidic Air Flow Cleaner Kit (5 µm pore size pneumatic filter). Elveflow® Smart Interface software included. Important note: additional pressure (8.5-10 bar) is required. HS Code [ 84812090 ]

Shipment date : 17/05/2023

Flow Sensor Premium BFS1	BFS-1	2	5177.50\$	0	0.0	10355.00\$
--------------------------	-------	---	-----------	---	-----	------------

Microfluidic Coriolis Flow sensor ELV-001  
 • Working range 0.1 g/h to 200 g/h  
 • 2% accuracy (0.2% option available upon request)  
 • Large liquids and gas compatibility  
 • Compatible with OB1, AF1 instruments  
 Elveflow® Smart Interface software included  
 • Connectors included  
 HS Code [ 9026104000 ]
